

TAHOE-TRUCKEE SANITATION AGENCY

Class Specification

Job Title: Maintenance Supervisor

Department: Maintenance Department

FLSA Status: Non-Exempt

Revised as of: 09/2023

Oversees and supervises mechanical, facility, collections and fleet maintenance duties associated with the operation of the wastewater treatment plant and the Truckee River Interceptor within the Maintenance Department; Plans and implements maintenance projects to ensure plant equipment operates properly and efficiently; provides technical expertise on the more complex maintenance issues; and performs a variety of technical tasks relative to assigned area of responsibility.

DISTINGUISHING CHARACTERISTICS

The Maintenance Supervisor level recognizes positions that perform full supervisory responsibilities including planning, assigning and evaluating the work of subordinates and responsibility for overall maintenance activities of the Maintenance Department including maintenance, rehabilitation, and installation of mechanical equipment.

SUPERVISION RECEIVED AND EXERCISED

Reports directly to, and receives general direction from the Maintenance Department Manager, or designee. Exercises direct supervision over assigned technical personnel.

EXAMPLES OF DUTIES: *the duties specified below are representative of the range of duties assigned to this class and are not intended to be an inclusive list.*

- Implements goals and objectives related to assigned section; establishes schedules and methods for wastewater treatment plant maintenance and rehabilitation; implements policies and procedures.
- Plans, prioritizes, assigns, supervises and reviews the work of staff involved in preventive and predictive maintenance activities associated with the wastewater treatment plant.
- Evaluates operations and activities of assigned section; recommends improvements and modifications; prepares various reports on operations and activities.
- Assists Maintenance Department Manager in developing and administering section budget; prepares cost estimates for budget recommendations; submits justifications for equipment, materials and supplies; monitors and controls expenditures.
- Recommends to Maintenance Department Manager the selection of staff; provides or coordinates staff training; works with employees to correct deficiencies; implements discipline procedures; evaluates employee performance; drafts and conducts performance evaluations.
- Assesses, schedules, and assigns predictive and preventive maintenance tasks; troubleshoots mechanical equipment and systems; estimates time, cost, labor and material needs, and orders necessary equipment and materials.

JOB TITLE: Maintenance Supervisor

- Inspects locations where work is being performed; ensures conformity with work orders, submittals, plans, diagrams and specifications; determines special equipment needs and assesses and identifies solutions to problems; accurately diagnoses mechanical malfunctions.
- Prepares bid specifications and requisitions; assists in the preparation of plans; reviews bid documents to ensure accuracy.
- Performs confined space entries to operate and maintain mechanical equipment, if needed.
- Works collaboratively with the Safety Officer to identify hazards and ensure safe work procedures and processes are in place and followed.
- Answers questions and provides information to the public; investigates complaints from the public and recommends corrective action as necessary to resolve complaints.
- Represents the Agency with dignity, integrity, and the spirit of cooperation in all relations with staff and the public.
- May be assigned to temporarily assume the duties of the Maintenance Manager during their absence.
- Builds and maintains positive working relationships with co-workers, other Agency employees and the public using principles of good customer service.
- May be required to work unusual hours, shifts, and be available for standby and callback duty.
- Performs related duties as assigned.
