MEMORANDUM

Date: July 15, 2020
To: Board of Directors
From: Jay Parker, Engineering Manager
Item: IV-4
Subject: Approval of Progress Pay Estimate No. 3 for the 2019 Roof Repair project

Background

The 2019 Roof Repair project follows up on last year's project to repair critical roof areas that have reached the end of their life cycle and need to be replaced. During the winter of 2018/2019, staff noted several roof areas in various buildings throughout the plant that needed repair or replacement. In this project, the Agency will be completely replacing the roof areas for the following facilities:

- Building 4, Middle Roof
- Building 27, Electrical Supply Building
- Building 32, Digester Building (New Side)
- Buildings 13 & 53, C&CT

In the month of June, the Contractor completed work on the roofs of Buildings 27 and 32 and began work on the roof of Building 1. Progress Pay Estimate No. 3 is to compensate the contractor for this work. The remaining areas listed above are expected to be completed no later than October 2020.

Fiscal Impact

Withholding 5% for retention from Progress Pay Estimate No. 3 would yield a payment to the contractor of \$174,284.48.

Attachments

Recommendation

Management and staff recommend approval of Progress Pay Estimate No. 3 for the 2019 Roof Repair project.

RESOLUTION NO. 6 - 2020

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE TAHOE-TRUCKEE SANITATION AGENCY ADOPTING 2020-21 TAX ROLL BILLING REPORT AND APPROVING BILLING AND COLLECTION OF CHARGES ON COUNTY OF PLACER TAX ROLL

BE IT RESOLVED by the Board of Directors of the Tahoe-Truckee Sanitation Agency as follows:

1. Findings. The Board finds and determines as follows:

a. The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Placer (“County”) tax roll and authorizing and directing Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel’s sewer service charges for fiscal year 2020-21 (the “Report”) to be billed and collected on and through the County tax roll. The Board has reviewed and considered the Report.

b. Pursuant to Ordinance No. 2-2019, Health and Safety Code section 5473.1, and Government Code section 6066, the Agency has prepared and published and mailed public hearing notices informing affected property owners and ratepayers and interested members of the public about the Agency’s plan to collect charges on the tax roll and a public hearing to receive and consider public comments or protests concerning the Report and this resolution.

c. The Board conducted the public hearing on July 15, 2020 in accordance with applicable legal requirements and the Board has heard and considered the submitted comments and protests (if any). The Board did not receive a majority landowner protest under Health and Safety Code section 5473.2.

d. The County has required as a condition of the collection of the Agency sewer service charges that the Agency warrant the legality of the charges and defend and indemnify the County from any challenge to the legality of the charges.

2. Report Adoption. The Board adopts the Report in the form as filed with the Agency Secretary and as presented at this meeting. The Board approves, authorizes, and determines to bill and collect the sewer service charges as stated in the Report on and through the County of Placer tax roll. The Board authorizes and directs the Agency Secretary to file the Report with the County Auditor-Controller together with a statement endorsed on the Report over the Secretary’s signature that the Report has been finally adopted by the Board.

3. Fee Collection. Pursuant to Health and Safety Code sections 5473.4 to 5473.9, the Board authorizes and directs the County Auditor-Controller to place the Agency sewer service charges as stated in the Report on the County tax roll and the County tax collector to collect the charges at the same time and in the same manner as County property taxes.

4. Agency Representation. The Agency warrants and represents that the sewer service charges imposed by the Agency and being requested to be collected by the County comply with all requirements of state law, including, but not limited to, California Constitution articles XIIC and XIID (Proposition 218) (collectively the “Laws”).

5. Release and Indemnity. The Agency releases and discharges County, and its officers, agents, and employees, from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments in any manner arising out of compliance of the Agency sewer service charges with the Laws. The Agency agrees to and shall defend, indemnify, and hold harmless the County, its officers, agents and employees (the “Indemnified Parties”) from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments in any manner arising out of the Agency’s establishment and imposition of its sewer service charges. The Agency agrees that, in the event a judgment is entered in a court of law against any of the Indemnified Parties concerning the Agency’s establishment and imposition of its sewer service charges, the County may offset the amount of the judgment from any monies collected by County on behalf of the Agency, including property taxes.

6. Public Inquiries. The Agency agrees that its officers, agents, and employees will cooperate with the County in answering questions referred to the Agency by County from any person concerning the Agency sewer service charges and that the Agency will not refer such persons to County officers and employees for response.

7. Payment of Fees. The Agency agrees to pay to County such reasonable and ordinary charges as the County may prescribe to recoup its costs in placing on the tax roll and collecting the Agency sewer service charges as may be authorized by Government Code sections 29304 and 51800 and Health and Safety Code section 5473.9.

MEMORANDUM

Date: July 15, 2020
To: Board of Directors
From: Roshelle Chavez, Administrative Manager
Item: V-4
Subject: Approval of Resolution No. 7-2020 adopting 2020-2021 tax roll billing report and approving billing and collection of charges on the County of Nevada tax roll

Background

The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Nevada tax roll and authorized and directed Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel's sewer service charges for fiscal year 2020-2021 to be billed and collected on and through the County of Nevada tax roll.

The County of Nevada has required as a condition of the collection of the Agency sewer service charges that the Agency warrant the legality of the charges and defend and indemnify the County from any challenge to the legality of the charges. Resolution No. 7-2020 would meet the conditions of the County allowing the Agency to adopt the 2020-2021 tax roll billing report and approving billing and collection of charges on the County of Nevada tax roll.

Fiscal Impact

Agency Sewer Service Charge revenue in the amount of \$3,938,906.22.

Additionally, the County of Nevada assesses a processing fee of a \$200 flat fee plus \$0.50 per parcel collected equaling \$5,591.50.

RESOLUTION NO. 7 - 2020

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE TAHOE-TRUCKEE SANITATION AGENCY ADOPTING 2020-21 TAX ROLL BILLING REPORT AND APPROVING BILLING AND COLLECTION OF CHARGES ON COUNTY OF NEVADA TAX ROLL

BE IT RESOLVED by the Board of Directors of the Tahoe-Truckee Sanitation Agency as follows:

1. Findings. The Board finds and determines as follows:

a. The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Nevada (“County”) tax roll and authorizing and directing Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel’s sewer service charges for fiscal year 2020-21 (the “Report”) to be billed and collected on and through the County tax roll. The Board has reviewed and considered the Report.

b. Pursuant to Ordinance No. 2-2019, Health and Safety Code section 5473.1, and Government Code section 6066, the Agency has prepared and published and mailed public hearing notices informing affected property owners and ratepayers and interested members of the public about the Agency’s plan to collect charges on the tax roll and a public hearing to receive and consider public comments or protests concerning the Report and this resolution.

c. The Board conducted the public hearing on July 15, 2020 in accordance with applicable legal requirements and the Board has heard and considered the submitted comments and protests (if any). The Board did not receive a majority landowner protest under Health and Safety Code section 5473.2.

2. Report Adoption. The Board adopts the Report in the form as filed with the Agency Secretary and as presented at this meeting. The Board approves, authorizes, and determines to bill and collect the sewer service charges as stated in the Report on and through the County of Nevada tax roll. The Board authorizes and directs the Agency Secretary to file the Report with the County Auditor-Controller together with a statement endorsed on the Report over the Secretary’s signature that the Report has been finally adopted by the Board.

3. Fee Collection. Pursuant to Health and Safety Code sections 5473.4 to 5473.9, the Board authorizes and directs the County Auditor-Controller to place the Agency sewer service charges as stated in the Report on the County tax roll and the County tax collector to collect the charges at the same time and in the same manner as County property taxes. The Board further authorizes the County to collect the Agency sewer service charges pursuant to the previously approved Standard Form Tax Collection Services Contract between the County of Nevada and Tahoe-Truckee Sanitation Agency. The Board authorizes payment of applicable service charges to the County in accordance with Health and Safety Code section 5473.9 and any applicable agreement with the County.

Pursuant to Ordinance No. 2-2019, Health and Safety Code section 5473.1, and Government Code section 6066, the Agency has prepared and published and mailed public hearing notices informing affected property owners and ratepayers and interested members of the public about the Agency’s plan to collect charges on the tax roll and a public hearing to receive and consider public comments or protests concerning the Report and this resolution.

c. The Board conducted the public hearing on July 15, 2020 in accordance with applicable legal requirements and the Board has heard and considered the submitted comments and protests (if any). The Board did not receive a majority landowner protest under Health and Safety Code section 5473.2.

2. Report Adoption. The Board adopts the Report in the form as filed with the Agency Secretary and as presented at this meeting. The Board approves, authorizes, and determines to bill and collect the sewer service charges as stated in the Report on and through the County of El Dorado tax roll. The Board authorizes and directs the Agency Secretary to file the Report with the County Auditor-Controller together with a statement endorsed on the Report over the Secretary’s signature that the Report has been finally adopted by the Board.

From: Roshelle Chavez, Administrative Manager
Item: V-6
Subject: Public hearing for public comment related to the Board's consideration of adopting a resolution of the Board to adopt a report on delinquent charges and authorizing their collection on the tax roll

Background

The Agency annually considers adding delinquent charges to the county tax rolls for collection by the county tax collectors through the tax collection process. Staff has prepared a report showing the fiscal year 2019-2020 delinquencies. State law requires the Board to hold a noticed public hearing prior to adopting the report and adding the delinquencies to the tax rolls.

In accordance with Health and Safety Code Section 5473.2, "the legislative body shall hear and consider all objections or protests, if any, to said report (report of delinquent charges) referred to in said notice...If the legislative body finds that protest is made by the owners of a majority of separate parcels of property described in the report, then the report shall not be adopted and the charges shall be collected separately from the tax roll and shall not constitute a lien against any parcel or parcels of land."

Fiscal Impact

None.

Attachments

Public hearing notice.

Recommendation

Management and staff recommend the Board of Directors hear public comment and consider whether there is a majority protest.

RESOLUTION NO. 9-2020

**A RESOLUTION OF THE BOARD OF DIRECTORS
OF THE TAHOE-TRUCKEE SANITATION AGENCY
ADOPTING REPORT ON DELINQUENT CHARGES AND
AUTHORIZING THEIR COLLECTION ON THE TAX ROLL
PURSUANT TO HEALTH AND SAFETY CODE SECTION 5473, ET SEQ.**

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Tahoe-Truckee Sanitation Agency as follows:

1. The Board of Directors, by a 2/3 vote of its members, has previously adopted Ordinance No. 3-90 that authorized the Tahoe-Truckee Sanitation Agency to collect delinquent sewer service and connection charges (together with penalties and interest) on the county tax roll and, since then, the Tahoe-Truckee Sanitation Agency has from time to time adopted and amended sewer service and connection charges. The Tahoe-Truckee Sanitation Agency has imposed and billed charges for the July 1, 2019 to June 30, 2020 fiscal year and some unpaid charges are now delinquent. The Board elects to collect those delinquent charges, together with penalties and interest, on the county tax roll.
2. A written report was prepared and filed on June 3, 2020, with the Secretary of the Tahoe-Truckee Sanitation Agency containing a description of each parcel of real property receiving sewage service whose service charges and/or connection charges are delinquent, and of the amount of delinquent charges for each parcel for said fiscal year, together with penalties thereon.
3. A notice of the filing of said report and of the time and place of hearing thereon, to wit, July 15, 2020, at 9:00 AM, which will be conducted via GoToMeeting or teleconference due to COVID-19 concerns, has been printed and published in a newspaper of general circulation within the Tahoe-Truckee Sanitation Agency area pursuant to Section 6066 of the Government Code and was mailed to each affected property owner on June 2, 2020.
4. The Board of Directors of Tahoe-Truckee Sanitation Agency held said public hearing on said written report at the time and place specified in said notice, considered all objections and protests, if any, to said report, and finds at the conclusion of said hearing that any protests made, either written or oral, do not constitute a majority of the separate parcels of property described in the report.
5. The Board of Directors also finds that some delinquent service charges and connection fees for the fiscal year July 1, 2019 through June 30, 2020, unpaid on the date that said written report was submitted and filed with the Secretary of the Board of Directors, have been paid; and that said report should be revised to eliminate from said report all such delinquent charges which have been paid by owners of real property described therein prior to the adoption of this Resolution.

6. The Board of Directors, based upon the findings hereinabove set forth, hereby adopts said written report as revised and directs that copies of said written report be filed with the Auditors of Nevada, Placer, and El Dorado Counties with a statement endorsed thereon that the same has been adopted by the Board of Directors of Tahoe-Truckee Sanitation Agency.
7. The Board of Directors by this Resolution directs the Auditors of Nevada, Placer, and El Dorado Counties to enter the amounts of the unpaid charges, together with penalties thereon, against the respective parcels of land shown on said report as revised, as they appear on the current assessment roll pursuant to Health and Safety Code Section 5473.4.
8. Said charges, including penalties, shall thereafter constitute a lien upon and be included on a bill for taxes levied against said parcels, shall be collected together with and not separately from taxes for Tahoe-Truckee Sanitation Agency, and the levy, collection and enforcement of general taxes shall be applicable to such charges, all as more particularly set forth in Sections 5473.5, 5473.6, 5473.7, and 5473.8 of the Health and Safety Code.

Subject: Approval of Agency Core Values

Background

In early 2020, the agency Leadership Team, comprised of all supervisors, managers and the HR Administrator, embarked on the creation of Core Values. Through several meetings, and as part of a collaborative process, the Leadership Team came up with five (5) Agency Core Values that reflect the work culture T-TSA is working towards and expects to create in the near future.

The draft Core Values were shared with all T-TSA staff and feedback was solicited. The Leadership Team was able to incorporate staff feedback into the Core Values. TAHOE-TRUCKEE SANITATION AGENCY FUND POLICY

This policy confirms and establishes the Tahoe-Truckee Sanitation Agency financial operating and reserve funds. The Agency keeps and manages two operating funds and four reserve funds for the Agency's current and future needs and plans and to accomplish prudent long-term financial planning. The purpose of this policy is to comprehensively set forth the various funds and to describe each fund's purpose, how the fund may be used, a target fund balance, and the authority and process to withdraw money from the fund. This policy supersedes Resolution No. 7-89 and any other prior inconsistent Agency resolution, policy, or regulation.

The Agency General Manager is responsible for the management, administration, and use of these funds in accordance with the terms of this policy, generally accepted accounting principles applicable to special districts, and applicable law. The General Manager shall keep and maintain an appropriate accounting of all receipts and disbursements from these funds and regularly report to the Board of Directors concerning the balance of and disbursement from the funds. Periodically, and in any event not less than once every three years, the General Manager shall evaluate the adequacy of this policy and report the findings and recommendations (if any) to the Board. Except as provided below for the year-end transfers to the Unrestricted Reserve Fund, any transfer or reallocation of monies between funds or any interfund transfer and loan requires Board approval.

The following funds are confirmed and established:

A. Operating Funds

1. General Fund

a. **Description and Funding.** A General Fund (Fund 10) is established for the purposes and uses described in this policy. The revenue source for this fund is provided through the collection of property tax revenue, sewer service charges, fund interest, and miscellaneous revenue.

b. **Purpose and Use.** The fund is used to pay the costs and expenses relating to the operation and maintenance of the wastewater transport, treatment, and disposal facilities, including expenditures to support the administrative, operations, maintenance, engineering, and information technology departments.

c. **Target Balance.** The General Fund amount shall be fixed at the beginning of each fiscal year as part of the budget process. It ordinarily shall be in an amount equal to the anticipated property tax and sewer service charge revenue for the year. Within the General Fund, the Agency shall maintain a minimum balance equal to 15% of annually budgeted property tax and sewer service charge revenues plus an additional 35% of budgeted expenditures. At the end of each fiscal year, surplus money in the General Fund exceeding this minimum target balance shall be transferred to the Replacement, Rehabilitation and Upgrade Fund.

d. **Withdrawal Authority.** The Agency General Manager may withdraw and use monies from the General Fund for any authorized purpose to the extent authorized by and consistent with the Board-approved budget for the year. Any withdrawal and use of money in the fund for any unbudgeted expense or for any expense beyond the General Manager spending authority (as established by Agency Ordinance No. 3-2015 or an amended or successor purchasing and public works contracting ordinance) requires Board approval.

2. Rate Stabilization Fund

a. **Description and Funding.** A Rate Stabilization Fund (Fund 08) is established for the purposes and uses described in this policy. The revenue source for this fund is provided through the collection of sewer service charges.

b. **Purpose and Use.** The purpose of the Rate Stabilization Fund is to insulate ratepayers from large, abrupt increases in service charges because it is preferable that sewer service charges increase gradually over time by moderate amounts, rather than by large amounts on an irregular and unpredictable basis. If operating revenues decline or if operating expenses increase such that a large rate increase becomes necessary, then the fund can be used to cushion the impact on ratepayers while sewer service charges are gradually adjusted over time to accommodate changing circumstances. However, the need for a large rate stabilization fund is tempered by the fact that the Agency's operating revenues exhibit a high degree of predictability and stability.

c. **Target Balance.** The Agency shall maintain a Rate Stabilization Fund equal to 25% of annually budgeted sewer service charge revenue.

d. **Withdrawal Authority.** The General Manager may withdraw and use monies from the Rate Stabilization Fund for any authorized purpose to the extent authorized by and consistent with the Board-approved budget for the year. Any withdrawal and use of the fund for any unbudgeted expense or for any expense beyond the General Manager spending authority (as established by Agency Ordinance No. 3-2015 or an amended or successor purchasing and public works contracting ordinance) requires Board approval.

B. Reserve Funds

A well-managed wastewater system should adhere to a prudent reserve policy to ensure the continuous financial and operational health and stability of the system. Toward that end, the Agency shall maintain the reserve funds described in this part.

1. Wastewater Capital Reserve Fund

a. A Wastewater Capital Reserve Fund (Fund 02) is established for the purposes and uses described in this policy. The fund is funded from connection charge revenue.

b. **Purpose and Use.** The purpose of the fund is to finance capital improvement and expansion facility projects that are necessary or appropriate to provide capacity to serve new development within the Agency's boundaries and to maintain a high level of sewer service for the benefit of such new development. The fund will be used for such capital improvement projects estimated to cost \$25,000 or greater. A capital improvement project costing less than \$25,000 generally will be funded from the General Fund (Fund 10). The Wastewater Capital Reserve Fund is a restricted fund; therefore, monies in the fund shall not be used for any other purpose or transferred to any other fund.

c. Target Balance. The Wastewater Capital Reserve Fund balance shall be equal to the unexpended connection charge revenue balance. The Agency periodically will evaluate and adjust the connection charge amount as appropriate in light of the anticipated future development plans and expectations and capacity expansion requirements.

d. Withdrawal Authority. The General Manager may withdraw and use monies from the Wastewater Capital Reserve Fund for any authorized purpose to the extent of the General Manager spending authority as established by Agency Ordinance No. 3-2015 (or amended or successor purchasing and public works contracting ordinance). Any withdrawal and use of the fund beyond the General Manager spending authority requires Board approval.

2. Replacement, Rehabilitation and Upgrade Fund

a. Description and Funding. A Replacement, Rehabilitation and Upgrade Fund (Fund 06) is established for the purposes and uses described in this policy. The fund is funded from the transfer of surplus monies from the General Fund described above.

b. Purpose and Use. The purpose of the fund is to finance capital improvement projects to replace, rehabilitate and upgrade the existing plant, facilities, equipment, and appurtenances. The fund will be used for such capital improvement projects estimated to cost \$25,000 or greater. A capital improvement project costing less than \$25,000 generally will be funded from the General Fund (Fund 10).

c. Target Balance. The Agency shall maintain a Replacement, Rehabilitation and Upgrade Fund balance equal to at least 20% of the Agency net capital assets (as stated in the latest audited financial statements). The Agency periodically will evaluate and adjust this target balance as appropriate in light of the anticipated future capital needs of the wastewater system.

d. Withdrawal Authority. The General Manager may withdraw and use monies from the Emergency Reserve Fund for any authorized purpose to the extent of the General Manager spending authority as established by Agency Ordinance No. 3-2015 (or amended or successor purchasing and public works contracting ordinance). Any withdrawal and use of the fund beyond the General Manager spending authority requires Board approval.

3. Emergency Reserve Fund

a. Description and Funding. An Emergency Reserve Fund (Fund 07) is established for the purposes and uses described in this policy. The fund will be funded by available Agency funds and revenue. The Agency will replenish the fund as part of the budget in any fiscal year following any year in which money was withdrawn from the fund.

b. Purpose and Use. The Emergency Reserve Fund is intended to manage Agency financial obligations, mitigate risks due to revenue shortfalls and unanticipated expenses, and aid in long-term financial planning. The fund is established for the following purposes and may be used for the following expenditures and needs: to fund costs and expenses arising out of or caused by an emergency or disaster; to fund unbudgeted and unanticipated capital improvements, repairs, and replacements; to pay unbudgeted and unanticipated operation, maintenance, management, or administrative expenses that are not covered by regular operating revenue; to pay uninsured losses; and, to cover other cash flow needs due to revenue delays or funding shortfalls.

c. Target Balance. The target fund balance is at least \$4 million. The Agency Board will review this fund on an annual basis during the budget process and, based on a recommendation of the General Manager, will establish the fund amount for the fiscal year in an amount that is at least the target balance, unless otherwise determined by the Board.

d. Withdrawal Authority. The General Manager may withdraw and use monies from the Emergency Reserve Fund for any authorized purpose to the extent of the General Manager spending authority as established by Agency Ordinance No. 3-2015 (or amended or successor purchasing and public works contracting ordinance). Any General Manager-authorized withdrawal from the fund shall be reported to the Board of Directors at its next Board meeting. Any withdrawal and use of the fund beyond the General Manager spending authority requires Board approval.

4. *Unrestricted Reserve Fund*

a. Description and Funding. An Unrestricted Reserve Fund (Fund 09) is established for the purposes and uses described in this policy. At the end of each fiscal year, any monies in the other funds in excess of the fund's target balance shall be transferred to the Unrestricted Reserve Fund.

b. Purpose and Use. Monies in the Unrestricted Reserve Fund may be used for any lawful purpose of the Agency.

c. Target Balance. There is no target fund balance for this fund.

d. Withdrawal Authority. Any withdrawal and use of monies from the Unrestricted Reserve Fund requires Board approval.

Adopted by the TTSA Board of Directors this 15th, day of July 2020.

MEMORANDUM

Date: July 15, 2020
To: Board of Directors
From: Roshelle Chavez, Administrative Manager
Item: V-14
Subject: Discussion on UAL Restructuring Strategies - California Employers' Pension Prefunding Trust (CEPPT) Fund and Pension Obligation Bonds

Background

The Agency provides a defined-benefit pension and post-employment health insurance benefits (OPEB) to its retirees through the California Public Employees Retirement System (CalPERS). While the Agency has utilized the CalPERS CERBT Trust to fund 93% of OPEB (retiree health care) costs, the Board of Directors have chosen to pay down the Agency unfunded accrued pension liability (UAL) by means of additional discretionary payments (ADP). These ADPs were made to the UAL on a revised amortization schedule using a fresh start model, without signing a contract with CalPERS. This gives the Agency the flexibility to adjust the ADPs based on the availability of funds.

At the June 2020 Board meeting, the Board discussed the Agency UAL and the proposed ADP of \$2.6M, based on a 5-year amortization schedule. After further discussion, direction was given by the Board to move forward with an ADP in the amount of \$1,315,000 after 7/1/2020 and return with information on investing monies in the California Employers' Pension Prefunding Trust (CEPPT).

Although our Agency has chosen to provide an ADP, there are several other alternatives available to restructuring the Agency UAL depending on specific liabilities and cash flow needs. CalPERS offers a CEPPT Trust that can be utilized as a cash flow management tool while earning the Agency a 4%-5% return on interest. Instead of paying down the UAL directly, the monies can be placed in the CEPPT trust to earn interest. As payments are applied within the trust, it offsets the liability to the Agency UAL. Additionally, when a regular annual payment is due it can be paid directly from the trust instead of general operating funds.

Another option to paydown the Agency UAL is with a Pension Obligation Bond. Similar to the recent Revenue Refunding Bonds that were finalized earlier this year, a Pension Obligation Bond would pay off all or a specific amount of the UAL liability at a lower interest rate (2.75%-3.75% instead of the 7% provided by CalPERS). The Agency could choose the term and interest rate best suited for its financial needs.

Staff will provide a presentation from CalPERS and NHA Advisors' for the Board to review and consider for further recommendation.

Fiscal Impact

None.

Prefunding Pension Contributions

Why Prefund Pension Contributions?

- Employer pension contributions are increasing
 - Employer budgets are not increasing at the same rate
- Asset-liability relationships can be volatile
 - Economic and investment volatility
- Employers seeking general fund investment alternatives
 - Looking for higher yields than County treasury and LAIF
- Increased investment income can reduce employer pension contributions from principal assets and save employers money

Employer Pension Cost Considerations

- Normal cost
 - Ongoing
 - PEPRA is cheaper than classic but increases with payroll
- Unfunded accrued liabilities (UAL)
 - Currently exist for most agencies
 - Will reoccur if plan experience is negative
- Overall cost trends
 - Likely to increase for 10 years due to unfunded liabilities
 - Likely to decrease with PEPRA but increase with payroll

Pension Contribution Prefunding Trust Purpose

- Grow assets for future pension contributions
 - Prefund future normal cost payments
 - Prefund future UAL payments
 - Prefund ADPs
- Invest assets over different time horizons than pension fund
- Invest assets with less volatility than pension fund
- Earn more investment income than in shorter term options (e.g. LAIF and County Treasury)

Time weighted return reports the performance of the investment vehicle, not of the employer assets. Returns are gross. Historical performance is not necessarily indicative of actual future investment performance or of future total program cost. Current and future performance may be lower or higher than the historical performance data reported here. Investment return and principal value may fluctuate so that your investment, when redeemed, may be worth more or less than the original cost. The value of an employer's CERBT fund shares will go up and down based on the performance of the underlying funds in which the assets are invested. The value of the underlying funds' assets will, in turn, fluctuate based on the performance and other factors generally affecting the securities market.

Funding Policy

Employer Controls the CEPPT Funding Policy

 - Based on investment time horizon
- Decides if, when, and how much to contribute
 - Voluntary and never required
- Decides if and when to seek reimbursement of CEPPT assets
 - Any pension contributions made this fiscal year are reimbursable

UAL RESTRUCTURING STRATEGIES

NHA | **ADVISORS**
Financial & Policy Strategies.
Delivered.

BRANDIS TALLMAN LLC
INVESTMENT BANKING FOR CALIFORNIA COMMUNITIES

Primary Strategies to Address Rising Pension Costs

Strategies Are Not Mutually Exclusive

▶ **Fresh Start Amortization**

- ▶ Pros: Shortens repayment period; reduces overall interest paid
- ▶ Cons: New structure “locked-in” (no flexibility) + increased annual payments in near term

▶ **Use Cash Reserves to Pay Extra (two options)**

- ▶ Section 115 Trust - Separate trust solely dedicated to pension/OPEB
 - ▶ Offered by PARS, CalPERS, Keenan, PFM and others
- ▶ Lump Sum Pay Down of UAL – Reduce UAL through ADPs (Additional Discretionary Payments)
 - ▶ Agency already executing this plan; choosing optimal amortization bases to pay off

▶ **Restructure UAL**

- ▶ Restructure portion of UAL at lower bond interest rate (i.e. 3.25% vs. 7.0%) and “smooth out” payments for enhanced rate management, savings, and preservation of cash for other critical projects

UAL Restructuring - Conceptual Overview

- ▶ Agency “borrows” money to pay off some or all its debt (UAL) with CalPERS
 - ▶ Bond is issued to investors
 - ▶ Converts 7% debt with CalPERS to lower interest rate debt (currently, 2.75% to 3.75% depending on length of term)
- ▶ Typical method is through a Pension Obligation Bond (POB) for cities, counties and fire districts
 - ▶ **Utility districts (like TTSA) utilize a revenue bond structure**
- ▶ Flexibility to re-shape debt payments in way desired by Agency

- ▶ **Multitude of Options That Could be Considered**
 - ▶ Different sizes and shapes of repayment based on board guidance and/or other financial objectives of Agency
 - ▶ Smaller sizes (i.e. - 25%, 50% of UAL) for UAL restructure combined with other strategies (ADPs, Section 115) for holistic strategy

UAL Restructuring – Summary of Key Benefits and Risks

BENEFITS

- ▶ Enhanced Fiscal Sustainability and Rate Management through Lower and Smooth Repayment Shape
- ▶ Interest Rate / Budgetary Savings
- ▶ Increased Funding Ratios of Retirement Plan
- ▶ Flexibility to Tailor Duration (Term) and Shape of Repayment to Agency's Needs
- ▶ Enhance Service Levels and/or Capital Project Funding using projected savings and increased cash flow

RISKS / CONSIDERATIONS

- ▶ Re-investment/Market Risk: Present value (PV) savings is ultimately dependent on future CalPERS returns, which are unknown at time of issuance
 - ▶ PV savings occur if CalPERS return earns more than POB interest rate over life of debt
- ▶ Future UAL Can Still Appear – Whether a bond is issued or not, the Agency's UAL can grow (or reappear) in the future based on below average CalPERS investment returns
 - ▶ Near-term losses may mean new UAL added is higher under a bond scenario than without
 - ▶ Stress testing is a fundamental part of process

MEMORANDUM

Date: July 15, 2020
To: Board of Directors
From: Jay Parker, Engineering Manager
Item: V-15
Subject: Approval to award the 2020 Digital Scanning of Sewer Lines project

Background

As is customary each year, T-TSA will be digitally scanning the Truckee River Interceptor (TRI) this fall. The project will focus on scanning Schedules V and VI, which spans the distance between the open land to the west of South River Street and the Water Reclamation Plant. The total length to be scanned is approximately 30,200 feet in length and consists of RCP piping ranging from 18 to 42 inches in diameter.

Bids for the Project were received on June 12, 2020. Staff received one bid from Pipe and Plant Solutions, Inc. (PPSI) with a base bid price of \$2.61 per linear foot (digital scanning) and an additive alternate bid price of \$0.25 per linear foot (GIS integration). With the expected footage to be scanned, these bid prices translate to a total of \$86,372.

As part of the review of PPSI's bid, it was found that it was lacking details regarding the equipment that would be used to perform the work. This information was necessary to determine if PPSI's bid could be considered responsive. To assist in evaluating the responsiveness of the bid, and as allowed by Article 4.15.2 of the bid documents, the Agency requested that PPSI provide additional information on the equipment that was being made available to perform the work.

PPSI submitted the requested information which was found to comply with project requirements with the exception of video resolution. Specifically, the image capability minimum resolution requirement is less than what has been specified but would nonetheless be acceptable to the Agency. The proposed equipment resolution matches the requirements from all previous T-TSA digital scanning contract specification requirements. The Agency had made an increase in resolution requirements starting this year, but this change is not a necessity. The Agency may waive the failure to meet this particular specification requirement as a minor irregularity.

If approved by the Board, the Project field work would be slated to occur sometime between September 8, 2020 and October 16, 2020.

Fiscal Impact

The total bid price of \$86,372 is approximately 60% of the engineer's estimate of \$150,000 for the project.

Recommendation

Management and staff recommend approval to waive the more stringent video resolution specification requirement as an irregularity and award the bid for the 2020 Digital Scanning of Sewer Lines project to Pipe and Plant Solutions, Inc. (PPSI) in the amount of \$86,372.

- VI – Pond A to Plant

2020 2021 2019

TAHOE-TRUCKEE SANITATION AGENCY

MEMORANDUM

Date: July 15, 2020
To: Board of Directors
From: Jay Parker, Engineering Manager
Item: V-16
Subject: Approval of Task Order Amendment No. 32.2 with CH2M Hill, Inc. for the 2020 Headworks Improvements project

Background

The 2020 Headworks Improvements project entails retrofitting the existing headworks facility with new mechanical screens and a set of new redundant washer-compactor units. The work will be constructed by a general contractor due to the complexity of the modifications to be performed which includes demolition, structural modifications, architectural additions, mechanical modifications, electrical improvements, new instrumentation, and other associated trades. Also, a new flow control structure will be constructed upstream of the headwork facility complete with flow control gates, interconnecting piping, and other features. This structure will enhance the ability of the Agency's Operations Department to fully combine, split, and shave all raw sewage flows and recycle streams as they enter the plant. The Project field work is slated to occur during the summer and fall of 2021.

Task Order Amendment No. 32.2 has been prepared to compensate CH2M Hill, Inc. for a project design that has grown increasingly more complex than originally anticipated. Prior to securing the consulting work, CH2M Hill, Inc. had originally prepared a fee estimate that was more in line with today's actual costs. However, during negotiations with the Agency, staff had asked CH2M Hill, Inc. to reduce their design fee based on what had been envisioned as a relatively simple project at the time. In order to keep the work, CH2M Hill, Inc. complied.

As the final design phase is nearing completion, and better hindsight is possible, it appears that the reduced design fee was too aggressive to be able to absorb increasing design complications, even accounting for the cost adjustments made with Task Order Amendment No. 32.1. CH2M Hill, Inc. forecasts overages for both Tasks 3 and 4, final design services and services during construction, respectively. Such overruns are unusual for CH2M Hill, Inc. as they have consistently been on-time and on-budget with past work. T-TSA sees this as a case of a consultant negotiating too far on behalf of Agency's interests at the consultant's own expense. CH2M Hill, Inc. is willing to charge the Agency half (\$42,196) of the total Task 3 overages (\$84,391), but will be unable to absorb increased costs associated with the upcoming work associated with Task 4.

Further, now that final design activities are nearing completion and the bid phase is approaching, it would be timely to prepare additional amendment language for the scope and fee associated with construction management (CM) activities for this project. It has been determined that CH2M Hill, Inc. is best suited to perform this work. As such, T-TSA staff has requested that CH2M Hill, Inc. include the estimated fees for CM work be included in this same Task Order Amendment No. 32.2.

The proposed Task Order Amendment 32.2 includes the forecasted costs associated with the above-described additional work. If this amendment were to be approved, total project costs would still be forecasted to be underbudget, as follows:

Task Order No. 32:	\$490,544
Task Order Amendment No. 32.1:	\$78,337
Task Order Amendment No. 32.2:	\$444,984
<u>Construction Cost Estimate:</u>	<u>\$2,030,480</u>
Total Forecasted Project Cost:	\$3,044,345
Total CIP Project Budget:	\$3,100,000

Fiscal Impact

\$444,984.

Task Order Amendment No. 32.2 to Agreement between Tahoe-Truckee Sanitation Agency and CH2M HILL, Inc.

This TASK ORDER is an Amendment to Task Order No. 32, 2020 Headworks Improvements Project, effective July 11, 2019, between Tahoe-Truckee Sanitation Agency (T-TSA or Agency) and CH2M HILL, Inc. (Consultant, Consultant's Project Engineer, Consultant's Construction Manager). The purpose of this TASK ORDER is to provide engineering assistance to the Agency for a Project generally described as follows:

2020 Headworks Improvements Project

Article 1 – Scope of Services

This Amendment is made to incorporate additional services in support of the 2020 Headworks Improvements Project. The additional services are described herein.

Task 2 – Final Design Services – Drawings, Specifications, and Engineers Estimate

CH2M consulted with T-TSA on May 20th and June 3rd regarding the need for additional budget to account for a shortfall in the authorized budget relative to Task 2 Final Design Services – Drawings, Specifications, and Engineers Estimate. This amendment includes additional budget for actual time and expenses expended to complete Task 2, above the previously authorized amount, which amounts to approximately \$84,391. T-TSA has agreed to consider increasing the Task 2 budget by half of this amount (\$42,196) under this amendment.

Task 4 –Services During Construction (SDC)

This Amendment includes additional assistance by Consultant, as requested by the Agency, as described below. The detailed scope for tasks listed below are fully described in Task Order 32.

Task 4.2 Shop Drawing, Samples, and Submittals

The budgetary amount established for submittal review is increased from 45 (stated in Task Order 32) to 90 submittals (total includes re-submittals), each requiring an average of about 4 hours of review and processing time. Consultant has assumed the Agency will review and respond to administrative submittals, and Consultant will support Agency as requested.

Task 4.3 Construction Contract Requests for Information

The budgetary amount established for RFI review is increased from 4 (stated in Task Order 32) to 10 RFIs, each requiring an average of about 4 hours of review and processing time.

Task 4.4 Change Requests

The budgetary amount established for review and evaluation of Contractor-requested changes to the contract documents is increased from 3 (stated in Task Order 32) to 5 requests with 8 hours of evaluation and processing time per request.

Task 4.5 Progress Meetings

The budgetary amount established for progress meetings is increased from 6 (stated in Task Order 32) to 12 construction progress meetings (by conference call dial-in) to provide technical support and input.

Consultant's CM role and responsibility regarding progress meetings are outlined in Subtask 6.2 – Construction Coordination.

Task 5 – Project Management

This Amendment includes additional management of Task 6 Project activities. The detailed scope of Project Management is fully described in Task Order 32.

Task 6 – Construction Management and Inspection Services

Consultant will provide onsite Construction Management (CM) and Inspection Services in support of Agency during the construction phase of the Project. As described below, these services generally include providing a Construction Manager (CM) to monitor the work activities and daily progress of Contractor, verify that the Contractor's work is in compliance with the Contract Documents, as defined in the Contract, and to assist in responding to events that occur during construction.

Subtask 6.1 – Construction Contract Administration

Construction Observation and Inspection: Consultant shall act as the onsite representative of the Agency during the construction phase of the Project, will monitor the progress and quality of the work, and will determine if the work is proceeding in accordance with the Contract Documents. Consultant shall provide a dedicated onsite Construction Manager to administer the Construction Contract, to conduct daily onsite inspections and observations to determine if the work conforms to the Contract Documents, and to confirm that the integrity of the design concept as reflected in the Contract Documents has been implemented and preserved. Consultant at all times shall advise the Agency of potential construction work that will not function as anticipated and may require re-work.

Consultant shall observe/inspect the construction of the work, including but not limited to Contractor mobilization and demobilization activities, bypass pumping and piping operations, pipeline and diversion structure construction, material quality control checks, environmental controls monitoring, temporary traffic control monitoring, temporary sediment and erosion control mitigation measures, field testing and other quality control measures, and compliance with the plans and specifications for the Project. Consultant's CM services shall be performed to assist Agency to be in compliance with the latest RWQCB Best Management Practices, other applicable standards, and applicable laws.

Consultant's CM shall have authority to order minor changes in the work not involving an adjustment in the Contract sum or an extension of the Contract time, which are not inconsistent with the intent of the Contract Documents.

Review of Contractor's Work: Consultant shall keep the Agency informed of the progress and quality of the work and shall inform the Agency of defects and deficiencies in the work of the Contractor. Should Consultant discover or believe that any work by the Contractor is not in accordance with the Contract Documents, or is otherwise defective or not conforming to requirements of the Contract Documents or applicable rules, regulations, or environmental permits, Consultant will notify the Contractor and the Agency in writing. Consultant's CM will also issue written correction notices to Contractor for safety violations, bypass pumping, erosion control, and other matters not in conformance with the Contract Documents. Consultant will monitor Contractor's corrective actions and advise the Agency as to the acceptability of the corrective actions.

Substitution Requests & Contract Change Orders: Consultant shall review Contractor requested substitutions and proposed change orders, make recommendations to the Agency regarding the acceptability of the Contractor's request, and upon approval of the Agency, assist the Agency in negotiations of the requested substitution or change. As necessary, and upon agreement and approval, Consultant shall assist Agency with preparation of final change order documents.

Field Instructions and Orders: Consultant's CM, in collaboration with the Agency, shall issue field instructions and orders to the Contractor, as required during construction in support of administering the Contract Documents.

Construction Status Reporting: Consultant's CM will provide the Agency with daily construction inspection reports, including photographs. The daily reports prepared by the Consultant's CM shall include, at a minimum, the following information: general observations, description of work being performed, corrective actions taken, observed deviations from, violations of, or inconsistencies with the Contract Documents, observed safety violations and traffic control deficiencies, work accepted, approved or rejected-specific items, and summaries of conversations with representatives of the Contractor, subcontractors and Agency which include directions given or received. Reports for the previous week will be delivered to the Agency on the proceeding Tuesday.

Payments to Contractor: Consultant shall review the Contractor's monthly progress payment estimate (PPE) and final payment request, to determine whether the amount requested reflects the progress of the Contractor's work, reflects the approved schedule of values, is in accordance with the Contract Documents, and will provide recommendation to the Agency as to the acceptability of the request. Recommendations by Consultant's CM to the Agency for payment will be based on Consultant's CM inspection of the work to determine that the work has progressed to the extent indicated.

The issuance of recommendations for payment shall constitute a representation by the Consultant to the Agency, based on the Consultant's observations at the site and on the data comprising the Contractor's application for payment, that the work has progressed to the point indicated; that, to the best of the Consultant's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents (subject to an evaluation of the work for conformance with the Contract Documents upon completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in the certificate for payment); and that the Contractor is entitled to payment in the amount recommended. However, the issuance of a recommendation for payment shall not be a representation that the Consultant has made any examination to ascertain how and for what purpose the Contractor has used the monies paid on account of the Contract sum.

Subtask 6.2 – Construction Coordination

Preconstruction Conference: Consultant's CM, in collaboration with the Agency, will coordinate, conduct, and attend a preconstruction conference with the Agency and Contractor to review the Project communication, coordination and other procedures; discuss the Contractor's work plan and requirements for the Contract Documents, plans and specifications; and examine the Contractor's schedule. Subtask 6.3 – Project Safety

Compliance: Consultant will manage the health, safety, and environmental activities of its staff and the staff of its subcontractors to achieve compliance with applicable health and safety laws and regulations.

Coordination: Consultant will coordinate its health, safety, and environmental program with the responsibilities for health, safety, and environmental compliance specified in the Contract Documents. Consultant will coordinate with responsible parties to correct conditions that do not meet applicable federal, state, and local occupational safety and health laws and regulations when such conditions expose Consultant staff or staff of Consultant's subcontractors to unsafe conditions.

Responsibility: Consultant will notify affected personnel of site conditions posing an imminent danger to them that Consultant observes. Consultant's CM will be trained as a Safety Coordinator - Construction (SC-C). Consultant is not responsible for the health or safety precautions of Agency or Contractor staff or any third party. Consultant is not responsible for the Contractor's or other third party's compliance with the health and safety requirements of the Contract Documents or with federal, state, and local occupational health and safety laws and regulations.

Subtask 6.4 – Project Closeout

Substantial Completion: Consultant shall perform an onsite inspection with the Contractor and Agency to determine outstanding construction punch list items. Consultant shall document and transmit construction punch list items to Contractor and Agency, with Contractor's proposed schedule for Substantial Completion, as defined in the Contract Documents. Assumptions

The scope and budgetary estimate for the above-described Consultant services include the following assumptions:

1. During the Project construction period, Consultant assumes Contractor will work an average of forty (40) hours per week over a twenty-four (24) week duration, and Consultant CM will also be onsite forty (40) hours per week to perform CM and Inspection activities. Consultant has assumed an additional ten (10) hours per week of travel and office construction administration time. If less or additional CM onsite construction observation and inspection or office administration activities are required to accommodate extended work hours, such as evening or weekend work, the scope of these services will be affected and may require an adjustment to Consultant's budget.

2. Agency will contract directly with independent material testing service for quality assurance as necessary.

Article 2 – Compensation

Compensation by Agency to Consultant will be as follows:

1. Cost-Reimbursable Multiplier (Time and Expense)

For services enumerated in ARTICLE 1, Consultant’s Salary Costs multiplied by a factor of 2.05 plus Direct Expenses, plus a service charge of 5 percent for Direct Expenses.

The budgetary estimate established for services described under ARTICLE 1 is \$444,984. The budgetary estimate is included in Attachment 1 and the Project budget is summarized in the following table.

<u>Task</u>	<u>Description</u>	<u>Original Budget</u>	<u>Amendment No. 32.1</u>	<u>Amendment No. 32.2</u>	<u>Revised Budget</u>

It is recognized that actual costs required to complete the work may vary from the estimate provided due to additional or unforeseen requirements. Consultant will provide periodic progress reports to the Agency and the scope and/or fee will be adjusted as necessary to complete the work required. The authorized budgetary fee estimate amount will not be exceeded without prior authorization from the Agency’s Board of Directors.

When any budget has been increased, Consultant’s excess costs expended prior to such increase will be allowable to the same extent as if such costs had been incurred after the approved increase.

Amount invoiced each month will be based on time and expenses expended to date. Invoices shall be accompanied by a listing of charges that make up the invoice total, including employee names, billing rates, and hours of Project staff, plus direct expenses.

2. Salary Costs

Salary Costs are the amount of wages or salaries paid Consultant’s employees for work directly performed on the Project plus a percentage applied to all such wages or salaries to cover all payroll-related taxes; vacation, holiday, and sick pay; group insurance; and pension plan contributions.

3. Direct Expenses

Direct Expenses are those necessary costs and charges incurred for the Project including, but not limited to: (1) the direct costs of transportation, meals and lodging, mail, subcontracts, and outside services; special Agency-approved Project-specific insurance, letters of credit, bonds, and

Consultant's current standard rates for direct expenses shall be used. These rates are subject to change following internal audits and reviews.

Article 3 – Schedule

The scope of engineering services and activities associated with this Task Order will be completed in accordance with the following approximate Project milestones:

- Project Authorized and Notice to Proceed by Agency – July 2019

- Complete Bid Services – September 2020
- Complete Construction Management and Inspection – October 2021
- Complete Office SDC – December 2021

The scope of engineering services covered by this Task Order shall be considered complete when final deliverables are deemed acceptable by Agency. Efforts will be made by the Consultant to complete the work in a timely manner. However, it is agreed that the Consultant cannot be responsible for delays occasioned by factors beyond Consultant's control, or factors which would not reasonably have been foreseen at the time this Task Order was executed.

Other Provisions

The following provisions shall apply to this TASK ORDER:

All work provided under this task order will be completed by December 2021.

This TASK ORDER shall be subject to the terms and conditions of the referenced AGREEMENT, as amended.
