TAHOE-TRUCKEE SANITATION AGENCY
MEMORANDUM

Date: June 26, 2023
To: Board of Directors
From: Crystal Sublet, Finance and Administrative Manager
Item: V-1
Subject: Public hearing for public comment related to the Board's consideration of adopting a resolution of the Board adopting 2023-2024 tax roll billing report and approving billing and collection of charges on county tax roll.

Background

A written report of T-TSA sewer service charges containing a description of each parcel receiving sanitary sewer service and the amount of the sewer service charge for each parcel for the fiscal year 2023-2024 has been prepared. The public hearing permits property owners and other interested persons to attend and present oral or written comments concerning the report and collection of service charges on the tax roll.

State law requires the Board to hold a noticed public hearing prior to adopting the report and adding the sewer service charges to the tax rolls. In accordance with Health and Safety Code Section 5473.2, "the legislative body shall hear and consider all objections or protests, if any, to said report (billing report) referred to in said notice... If the legislative body finds that protest is made by the owners of a majority of separate parcels of property described in the report, then the report shall not be adopted and the charges shall be collected separately from the tax roll and shall not constitute a lien against any parcel or parcels of land."

Fiscal Impact

None.

Attachments

Recommendation

Item: V-2
Subject: Approval of Resolution No. 2-2023 adopting 2023-2024 tax roll billing report and approving billing and collection of charges on the County of Placer tax roll.

Background

The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Placer tax roll and authorized and directed Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel's sewer service charges for fiscal year 2023-2024 to be billed and collected on and through the County of Placer tax roll.

The County of Placer has required as a condition of the collection of the Agency sewer service charges that the Agency warrant the legality of the charges and defend and indemnify the County from any challenge to the legality of the charges. Resolution No. 2-2023 would meet the conditions of the County allowing the Agency to adopt the 2023-2024 tax roll billing report and approving billing and collection of charges on the County of Placer tax roll.

Fiscal Impact

Agency Sewer Service Charge revenue in the amount of \$6,896,724.27

Additionally, the County of Placer assesses a processing fee of 1% of the total collected amount equaling approximately \$68,967.

The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Placer (“County”) tax roll and authorizing and directing Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel’s sewer service charges for fiscal year 2023-24 (the “Report”) to be billed and collected on and through the County tax roll. The Board has reviewed and considered the Report.

b. Pursuant to Ordinance No. 2-2019, Health and Safety Code section 5473.1, and Government Code section 6066, the Agency has prepared and published and mailed public hearing notices informing affected property owners and ratepayers and interested members of the public about the Agency’s plan to collect charges on the tax roll and a public hearing to receive and consider public comments or protests concerning the Report and this resolution.

c. The Board conducted the public hearing on June 26, 2023 in accordance with applicable legal requirements and the Board has heard and considered the submitted comments and protests (if any). The Board did not receive a majority landowner protest under Health and Safety Code section 5473.2.

d. The County has required as a condition of the collection of the Agency sewer service charges that the Agency warrant the legality of the charges and defend and indemnify the County from any challenge to the legality of the charges.

2. Report Adoption. The Board adopts the Report in the form as filed with the Agency Secretary and as presented at this meeting. The Board approves, authorizes, and determines to bill and collect the sewer service charges as stated in the Report on and through the County of Placer tax roll. The Board authorizes and directs the Agency Secretary to file the Report with the County Auditor-Controller together with a statement endorsed on the Report over the Secretary’s signature that the Report has been finally adopted by the Board.

3. Fee Collection. Pursuant to Health and Safety Code sections 5473.4 to 5473.9, the Board authorizes and directs the County Auditor-Controller to place the Agency sewer service charges as stated in the Report on the County tax roll and the County tax collector to collect the charges at the same time and in the same manner as County property taxes.

4. Agency Representation. The Agency warrants and represents that the sewer service charges imposed by the Agency and being requested to be collected by the County comply with all requirements of state law, including, but not limited to, California Constitution articles XIIC and XIID (Proposition 218) (collectively the “Laws”).

5. Release and Indemnity. The Agency releases and discharges County, and its officers, agents, and employees, from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments in any manner arising out of compliance of the Agency sewer service charges with the Laws. The Agency agrees to and shall defend, indemnify, and hold harmless the County, its officers, agents and employees (the “Indemnified Parties”) from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments in any manner arising out of the Agency’s establishment and imposition of its sewer service charges. The Agency agrees that, in the event a judgment is entered in a court of law against any of the Indemnified Parties concerning the Agency’s establishment and imposition of its sewer service charges, the County may offset the amount of the judgment from any monies collected by County on behalf of the Agency, including property taxes.

6. Public Inquiries. The Agency agrees that its officers, agents, and employees will cooperate with the County in answering questions referred to the Agency by County from any person concerning the Agency sewer service charges and that the Agency will not refer such persons to County officers and employees for response.

7. Payment of Fees. The Agency agrees to pay to County such reasonable and ordinary charges as the County may prescribe to recoup its costs in placing on the tax roll and collecting the Agency sewer service charges as may be authorized by Government Code sections 29304 and 51800 and Health and Safety Code section 5473.9.

BE IT RESOLVED by the Board of Directors of the Tahoe-Truckee Sanitation Agency as follows:

1. Findings. The Board finds and determines as follows:

a. The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of El Dorado (“County”) tax roll and authorizing and directing Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel’s sewer service charges for fiscal year 2023-24 (the “Report”) to be billed and collected on and through the County tax roll. The Board has reviewed and considered the Report.

b. Pursuant to Ordinance No. 2-2019, Health and Safety Code section 5473.1, and Government Code section 6066, the Agency has prepared and published and mailed public hearing notices informing affected property owners and ratepayers and interested members of the public about the Agency’s plan to collect charges on the tax roll and a public hearing to receive and consider public comments or protests concerning the Report and this resolution.

c. The Board conducted the public hearing on June 26, 2023 in accordance with applicable legal requirements and the Board has heard and considered the submitted comments and protests (if any). The Board did not receive a majority landowner protest under Health and Safety Code section 5473.2.

2. Report Adoption. The Board adopts the Report in the form as filed with the Agency Secretary and as presented at this meeting. The Board approves, authorizes, and determines to bill and collect the sewer service charges as stated in the Report on and through the County of El Dorado tax roll. The Board authorizes and directs the Agency Secretary to file the Report with the County Auditor-Controller together with a statement endorsed on the Report over the Secretary’s signature that the Report has been finally adopted by the Board.

3. Fee Collection. Pursuant to Health and Safety Code sections 5473.4 to 5473.9, the Board authorizes and directs the County Auditor-Controller to place the Agency sewer service charges as stated in the Report on the County tax roll and the County tax collector to collect the charges at the same time and in the same manner as County property taxes. The Board authorizes payment of applicable service charges to the County in accordance with Health and Safety Code section 5473.9 and any applicable agreement with the County.

TAHOE-TRUCKEE SANITATION AGENCY

MEMORANDUM

Date: June 26, 2023
To: Board of Directors
From: Crystal Sublet, Finance and Administrative Manager
Item: V-4
Subject: Approval of Resolution No. 4-2023 adopting 2023-2024 tax roll billing report and approving billing and collection of charges on the County of Nevada tax roll.

Background

The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Nevada tax roll and authorized and directed Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel's sewer service charges for fiscal year 2023-2024 to be billed and collected on and through the County of Nevada tax roll.

The County of Nevada has required as a condition of the collection of the Agency sewer service charges that the Agency warrant the legality of the charges and defend and indemnify the County from any challenge to the legality of the charges. Resolution No. 4-2023 would meet the conditions of the County allowing the Agency to adopt the 2023-2024 tax roll billing report and approving billing and collection of charges on the County of Nevada tax roll.

Fiscal Impact

Agency Sewer Service Charge revenue in the amount of \$5,779,714.71.

Additionally, the County of Nevada assesses a processing fee of a \$200 flat fee plus \$0.50 per parcel collected equaling approximately \$5,779.

RESOLUTION NO. 4-2023

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE TAHOE-TRUCKEE SANITATION AGENCY ADOPTING 2023-24 TAX ROLL BILLING REPORT AND APPROVING BILLING AND COLLECTION OF CHARGES ON COUNTY OF NEVADA TAX ROLL

BE IT RESOLVED by the Board of Directors of the Tahoe-Truckee Sanitation Agency as follows:

1. Findings. The Board finds and determines as follows:

a. The Agency adopted Ordinance No. 2-2019 authorizing and electing to collect sewer service charges on the County of Nevada (“County”) tax roll and authorizing and directing Agency staff to take certain actions. Pursuant to Ordinance No. 2-2019 and Health and Safety Code section 5473, the Agency has prepared and filed with the Agency Secretary a written report with a description of real property parcels receiving Agency sewer service and each parcel’s sewer service charges for fiscal year 2023-24 (the “Report”) to be billed and collected on and through the County tax roll. The Board has reviewed and considered the Report.

b. Pursuant to Ordinance No. 2-2019, Health and Safety Code section 5473.1, and Government Code section 6066, the Agency has prepared and published and mailed public hearing notices informing affected property owners and ratepayers and interested members of the public about the Agency’s plan to collect charges on the tax roll and a public hearing to receive and consider public comments or protests concerning the Report and this resolution.

c. The Board conducted the public hearing on June 26, 2023 in accordance with applicable legal requirements and the Board has heard and considered the submitted comments and protests (if any). The Board did not receive a majority landowner protest under Health and Safety Code section 5473.2.

2. Report Adoption. The Board adopts the Report in the form as filed with the Agency Secretary and as presented at this meeting. The Board approves, authorizes, and determines to bill and collect the sewer service charges as stated in the Report on and through the County of Nevada tax roll. The Board authorizes and directs the Agency Secretary to file the Report with the County Auditor-Controller together with a statement endorsed on the Report over the Secretary’s signature that the Report has been finally adopted by the Board.

3. Fee Collection. Pursuant to Health and Safety Code sections 5473.4 to 5473.9, the Board authorizes and directs the County Auditor-Controller to place the Agency sewer service charges as stated in the Report on the County tax roll and the County tax collector to collect the charges at the same time and in the same manner as County property taxes. The Board further authorizes the County to collect the Agency sewer service charges pursuant to the previously approved Standard Form Tax Collection Services Contract between the County of Nevada and Tahoe-Truckee Sanitation Agency. - ❑ The annual budget provides detailed operating and capital improvement plans for the Agency to meet the wastewater discharge requirements to provide a high level of service to its customers.
- ❑ The Agency hired HDR Engineering to perform a Sewer Rate Fee Study. As a result of this study, the Agency followed the Proposition 218 process and is implementing increased Sewer Rate Fees for FY24 – FY28.
- ❑ In addition, the Agency hired HDR Engineering to perform a Sewer Connection Fee Study which will be completed in FY24.
- ❑ The Agency has sufficient funds to operate and perform necessary capital improvements for Fiscal Year 2023-2024.
- ❑ The target reserve balance for the Replacement, Rehabilitation and Upgrade Fund (Fund 06) is low and the target balance is a negative \$31.6 million, well below what is required.
- ❑ The Agency has made strides in bringing reserves up to the appropriate target balances. Next steps needed are to research and initiate potential future debt funding.

Introduction

The Tahoe Truckee Sanitation Agency (Agency or T-TSA) was formed on May 1, 1972, to comply with the Porter-Cologne Water Quality Control Act and to provide wastewater treatment to the communities of north and west shores of Lake Tahoe, Truckee, and the Truckee River corridor. T-TSA owns, operates, and maintains the Truckee River Interceptor (TRI) and Water Reclamation Plant (WRP). T-TSA collects and treats sewerage from its five (5) member Districts: North Tahoe Public Utility District, Tahoe City Public Utility District, Alpine Springs County Water District, Olympic Valley Public Utility District and Truckee Sanitary District. The NorthStar Community Services District also contributes wastewater to T-TSA, via the Truckee Sanitary District sewer collection system, however, it is not considered a member district. T-TSA is governed by a five (5) member Board of Directors and each Director is appointed from each of the member districts.

The TRI is approximately 19 miles, ranges in diameter from 18-inches to 42-inches and conveys wastewater to the WRP. The WRP provides advanced treatment of all wastewater flows and is capable of treating a maximum 7-day average flow during the summer months of 9.6 million gallons per day (MGD) and has a peak instantaneous flow capacity of 15.4 MGD. The wastewater treatment process consists of screening, grit removal, primary clarification, high-purity oxygen activated sludge treatment, phosphorus stripping, chemical phosphorus removal, recarbonation, biological nitrogen removal, granular media filtration, disinfection, and odor control. The final effluent from the WRP is discharged to disposal fields, via sub-surface flow.

The mission of T-TSA is to:

- Operate and maintain the wastewater treatment plant and related facilities in a sound, efficient and effective manner.
- Maintain a workplace that fosters professional growth and job satisfaction.
- Protect its assets and investments through sound financial policies and practices.
- Improve service through long-range planning and the wise use of technology.
- Lead the discussion of strategy development for regional wastewater issues for the benefit of all customers and the environment.

The Agency maintains numerous funds which are collectively utilized for (1) maintaining the daily operations of the Agency, (2) implementation of capital improvement projects, and (3) maintaining reserves. Daily operations are administered through the General Fund (Fund 10). Capital improvements which are designated as individual projects estimated at \$25,000 or greater are administered through two funds: Wastewater Capital Reserve Fund (Fund 02) and Replacement, Rehabilitation and Upgrade Fund (Fund 06) depending on the project scope. The Emergency and Contingency Reserve Fund (Fund 07) is the reserve fund to manage Agency financial obligations, mitigate risks due to revenue shortfalls and unanticipated expenses, aid in long-term financial planning, and insulate ratepayers from large, abrupt increases in service charges.

This annual budget is prepared to project revenues and expenditures that are anticipated for the daily operations of the Agency for fiscal year 2023-2024 commencing July 1, 2023, through June 30, 2024, and to plan for capital improvements over the next five (5) fiscal years. The operating budget and capital improvement plan (CIP) formats for fiscal year 2023-2024 are similar to the past fiscal year.

This annual budget includes the following: (1) a review of fiscal year 2022-2023 revenues and expenditures; (2) fiscal year 2023-2024 revenues; (3) fiscal year 2023-2024 expenditures; (4) capital improvements plan (5-year); (5) fund summaries; (6) Unfunded Accrued Liability; (7) end of year projected balances; and (8) General Fund budget expenditures summary.

Fund Descriptions

The Agency maintains its assets through various funds and bank institutions. There is one (1) operating fund (Fund 10) and three (3) reserve funds (Funds 02, 06 & 07). The Agency's Fund Policy can be referenced from its website (www.ttsa.net). The descriptions and assigned fund numbers of each fund are as follows:

Fund 10: General Fund

The General Fund revenue source is provided through the collection of property tax revenue, sewer service charges, fund interest, and miscellaneous revenue. The fund is used to pay the costs and expenses relating to the operation and maintenance of the wastewater transport, treatment, disposal, and related facilities, including expenditures to support the Administrative, Operations, Maintenance, and Engineering departments.

The General Fund amount shall be fixed at the beginning of each fiscal year as part of the budget process. It ordinarily shall be in an amount equal to 60% of the annually budgeted expenses plus the annually budgeted Unfunded Accrued Liability (UAL) payment. At the end of each fiscal year, surplus money in the General Fund exceeding this minimum target balance shall be transferred to the Replacement, Rehabilitation and Upgrade Fund. If at the end of fiscal year, the General Fund does not have a surplus equal to 60% of the annually budgeted expenses plus the annually budgeted UAL payment, monies from the Replacement, Rehabilitation and Upgrade Fund shall be transferred to the General Fund to meet the minimum target balance.

Fund 02: Wastewater Capital Reserve Fund

The Wastewater Capital Reserve Fund is funded from connection fee revenue and fund interest. The purpose of the fund is to finance capital improvement and expansion facility projects that are necessary or appropriate to provide capacity to serve new development within the Agency's boundaries and to maintain a high level of sewer service for the benefit of such new development. The fund will be used for such capital improvement projects estimated to cost \$25,000 or greater. A capital improvement project costing less than \$25,000 generally will be funded from the General Fund. The Wastewater Capital Reserve Fund is a restricted fund; therefore, monies in the fund shall not be used for any other purpose or transferred to any other fund.

The Wastewater Capital Reserve Fund also may be borrowed from or directly used to cover in part uninsured emergency and catastrophic losses to capital facilities, including the sewage treatment plant and interceptor pipelines (facilities which benefit both new and existing development), and other necessary capital facility reserve needs.

The Wastewater Capital Reserve Fund balance shall be equal to the unexpended connection fee revenue balance. The Agency periodically will evaluate and adjust the connection fee amounts as appropriate in light of the anticipated future development plans and expectations and capacity expansion requirements. The Wastewater Capital Reserve Fund shall have a minimum target balance equal to fifty percent (50%) of the projected five years (current, plus four) of the planned budget for the capital improvement projects.

Fund 06: Replacement, Rehabilitation and Upgrade Fund

The Replacement, Rehabilitation and Upgrade Fund is funded from the transfer of monies from the General Fund as described above and fund interest. The purpose of the fund is to finance capital improvement projects to replace, rehabilitate and upgrade the existing plant, facilities, equipment, and appurtenances. The fund will be used for such capital improvement projects estimated to cost \$25,000 or greater. A capital improvement project costing less than \$25,000 generally will be funded from the General Fund.

The Replacement, Rehabilitation and Upgrade Fund balance shall be equal to the unexpended revenue balance of transfers to and from the General Fund. The Agency periodically will evaluate and adjust the target balance as appropriate in light of the anticipated future capital needs of the wastewater system. The Replacement, Rehabilitation and Upgrade Fund shall have a minimum target balance equal to fifty percent (50%) of the projected five years (current, plus four) of the planned budget for the capital improvement projects.

Fund 07: Emergency and Contingency Reserve Fund

The Emergency and Contingency Reserve Fund is funded by available Agency funds and fund interest. The Agency periodically may fund the Emergency and Contingency Reserve Fund through an appropriation in the Agency budget. The Agency will strive to replenish the fund as part of the budget in any fiscal year following any year in which money was withdrawn from the fund.

The Emergency and Contingency Reserve Fund is intended to manage Agency financial obligations, mitigate risks due to revenue shortfalls and unanticipated expenses, aid in long-term financial planning, and insulate ratepayers from large, abrupt increases in service charges. The fund is established for the following purposes and may be used for the following expenditures and needs: to fund costs and expenses arising out of or caused by an emergency or disaster; to fund unbudgeted and unanticipated capital improvements, repairs, and replacements; to pay unbudgeted and unanticipated operation, maintenance, management, or administrative expenses that are not covered by regular operating revenue; to pay uninsured losses; and, to cover other cash flow needs due to revenue delays or funding shortfalls.

The target fund balance is a minimum of \$4 million. The Agency will periodically evaluate and adjust the minimum fund balance accordingly.

Fund Administration

The majority of funds are deposited within the Local Agency Investment Fund (LAIF) which is an investment program for California local governments and special districts. The program offers local agencies the opportunity to participate in a major portfolio, which invests hundreds of millions of dollars of pooled funds, using the investment expertise of the State Treasurer's Office investment staff. In FY23, the Agency invested \$10 million in U.S. Treasury Securities and FDIC Insured Certificates of Deposit. Additionally, the Agency will be investing in CalClass in FY24.

As monies are required for expenditures, they are withdrawn from LAIF and placed in financial institutions for further distribution. All financial transactions in LAIF are recorded and fund balances are disseminated through Agency accounting procedures.

Fiscal Years 2022-2023 & 2023-2024 Budgets

Fund Revenues

Fund Revenue Summary

Fiscal Year 2022-2023:

FY23 projected actuals are in line with FY23 projected budget. Items of note are that General Fund revenue is expected to be higher than budget by 5.9% due to increased Sewer Service Charge, Ad Valorem and Fund Interest.

Fiscal Year 2023-2024:

FY24 revenue budget is approximately 17.1%, or \$3.5M greater than FY23 projected actuals revenue. This is primarily due to the increase in Sewer Service Charges from the rate increase.

When evaluating budgets for both fiscal years, FY24 budget is 119.3% of FY23 budget equating to an increase of approximately \$3.9M.

Fund 10: General Fund Revenue

Fiscal Year 2022-2023:

The FY23 projected actual revenues for the General Fund are 105.9% of the FY23 budget.

Fiscal Year 2023-2024:

The FY24 budget for the total General Fund revenues are 19.5% greater than the FY23 projected actuals, approximately \$3.7M, mostly due to the Sewer Rate Fee increase for FY24.

When comparing the FY24 budget to prior year's budget, the increase is 26.5%, approximately \$4.7M. The increase is mainly due to the recent increases in the Sewer Rate Fees. The following assumptions were made when budgeting General Fund Revenues for FY24:

- 1) Sewer Service Charges include the increase that was approved by the Board through the proposition 218 process.
- 2) Ad Valorem Revenue was increased by 3.0% from projected FY23 actuals.
- 3) Fund Interest includes LAIF and Bank interest, as well as investment earnings on the U.S. Treasury Securities purchased.

Fund 02: Wastewater Capital Reserve Fund Revenue

Fiscal Year 2022-2023:

The FY23 projected actual revenues for Wastewater Capital Reserve Fund are \$914K lower than the FY23 budget, approximately a 70.0% of budget. This is primarily due to a significant decrease in connections fees, possibly due to the significant weather in the area.

Fiscal Year 2023-2024:

The FY24 budget includes an estimated \$1.1M in connection fee revenues. This is based on an assumption of a 0.5% growth in connected EDUs or an additional 214 EDUs paying the nominal T-TSA connection fee of \$5,000 per EDU. Connection fee revenues for FY24 are estimated to be slightly lower than those collected the past several years. This is based on trend data and no indication of any large commercial or multi-family units being developed within the T-TSA service area in the coming year.

When comparing FY24 budget to FY23 budget, there is a decrease of approximately \$809K.

Fund 06: Replacement, Rehabilitation and Upgrade Fund Revenue

Fiscal Year 2022-2023:

FY23 projected actuals are approximately 134.5% of the FY23 budget, which is due to the increased interest rates for LAIF.

Fiscal Year 2023-2024:

LAIF interest rates are expected to decrease in FY24; therefore, the FY24 budget is 85.5% of the FY23 projected actuals, resulting in a decrease of \$17K.

When comparing year over year budgets, FY24 budget is 14.9% higher than the FY23 budget.

Fund 07: Emergency and Contingency Reserve Fund Revenue

Fiscal Year 2022-2023:

FY23 projected actuals are approximately 115.7% of the FY23 budget, which is due to the increased interest rates for LAIF.

Fiscal Year 2023-2024:

LAIF interest rates are expected to decrease in FY24; therefore, the FY24 budget is 86.4 % of the FY23 projected actuals, resulting in a decrease of \$11K.

When comparing year over year budgets, FY24 budget is consistent with FY23 Budget.

Fund Expenditures

Fund 10: General Fund Expenditures – Summary

Fiscal Year 2022-2023:

Projected actuals of FY23 are 91.3% of FY23 budget, approximately \$1.6M under budget. This is due to a reduction of expenditures Employee Benefits, Contractual Services, Professional Services, and Supplies, Repairs and Maintenance. The reduction is mostly due to the Retiree Health Insurance Premium reimbursement of \$450K. Additionally, there is an expected overall reduction of projected expenditures in FY23 for Contractual Services, mostly chemical of (\$192K); Professional Services, mostly Engineering contractors and Legal (\$347K) and Supplies, Repairs and Maintenance, mostly in Warehouse Stock (\$252K).

Fiscal Year 2023-2024:

The FY24 expenditure budget is 113.0%, \$2.1M, of the FY23 projected actual expenditures. This is primarily due to larger increases in Employee Benefits, Contractual Services, Professional Services, Conferences and Training, Utilities, and Supplies, Repairs & Maintenance. Note, when comparing FY24 budget to FY23 projected actuals, the projected actuals were under budget; therefore, inflating the variances slightly. The increase is a result of some expenditures carrying forward from

prior year and higher expected inflation. Items of note, are as follows: 1) Health Benefits does not include a Retiree Health Insurance Reimbursement in FY24; 2) Contractual Services include an increase in Chemicals of \$339K with \$224K in Sodium Hypochlorite, note FY23 actuals do not include a full year of Sodium Hypochlorite; 3) Professional Services have an overall increase of \$130K in Engineering Consultant Fees and \$104K in Legal Fees and includes Class and Compensation study for \$78K; 4) Conferences and Training have an overall increase of \$168K which includes carryover training from prior year as well as the new Supervisor/Manager training of approximately \$68K; 5) Increases in utilities have been consistent in FY23 and are expected to continue to increase in FY24 with an estimate budget increase of \$154K; 6) There is an increase in Supplies Repairs and Maintenance of \$343K mostly in Warehouse Stock and TRI-Mechanical.

When comparing year over year budgets, the FY24 budget is 3.1 %, \$556K, higher than the FY23 budget. This is primarily due to increases in Salaries & Wages, Contractual Services and Utilities. The Salaries & Wages increase is due to cost-of-living adjustments to all departments, budgeting Salaries and Wages for all employees at the highest step and adding two FTE’s – one to Finance and Administration and one to IT.

Fund 10: General Fund Expenditures – Administrative Department

Fiscal Year 2022-2023:

Projected actuals of FY23 are 100.1% of FY23 budget, \$5K over budget. Salaries and Wages were \$219K over budget due to salaries for two General Managers concurrently netted against \$117K under budget for Professional Services primarily due to lower legal fees.

Fiscal Year 2023-2024:

The FY24 budget is \$378K (12.2%) greater than the FY23 projected actuals, due to increases in Insurance, Professional Services and Conferences and Training. the Property Insurance is expected to increase by 30%-35% and the other insurances 5%-10%. This is an increase of \$85K. The increase in professional services is primarily due to the Class and Comp Study, \$78K and \$104K in Legal Fees. Conferences and Training have increased by \$96K which includes \$78K for Supervisor/Manager Training.

Comparing FY24 budget to FY23 budget, there is an increase of \$383K, or 12.2%, which is due to increases in Salaries & Wages, Employee Benefits primarily due to the cost-of-living adjustments and an additional FTE. There is also an increase in Insurance, as noted above. Lastly, there is an increase in Conferences and Training of \$68K for the Supervisor/Manager Training.

Fund 10: General Fund Expenditures – Operations Department

Fiscal Year 2022-2023:

Projected actuals of FY23 are 93.9% of FY23 budget, \$431K under budget. This is due to Employee Benefits and Contractual Services. This is primarily due to the FY23 Retiree Health Insurance reimbursement.

Fiscal Year 2023-2024:

The FY24 budget is 115.9% of the FY23 projected actuals which is \$1.0M higher. Part of this increase is within Salaries & Wages and Employee Benefits of \$529K which is primarily due to the 4.8% cost-of-living adjustments and budgeting all salaries at the highest step. Additionally, there was a 22.9%, \$392K, increase in FY24 budget over FY23 projected actuals for Contractual Services due to a significant increase in chemicals. Utilities have been steadily increasing, there is a budgeted increase of \$138K in utilities.

Comparing FY24 budget to FY23 budget, the increase is smaller, 8.8%, which is due to increases in Salaries and Wages, Contractual Services and Utilities.

Fund 10: General Fund Expenditures – Engineering Department

Fiscal Year 2022-2023:

Projected actuals of FY23 are 77.1% of FY23 budget, \$430K under budget. This is primarily due to Professional Services being under budget by \$230K, which includes on-call services not being utilized and remaining portion of the budget of \$175K for the review and preparation of a pretreatment program. The pretreatment program project was initiated but not concluded in the fiscal year and there were minimal general engineering consultant services utilized, therefore, the budgeted amounts were not fully expended.

Fiscal Year 2023-2024:

The FY24 budget is 117.9%, approximately \$259K over FY23 projected actuals due to carrying over the unused budget for the pretreatment program project and general engineering consultant services, as stated above.

The FY24 budget is 90.9% of the FY23 budget, with the largest reduction in Contractual Services and Professional Services.

Fund 10: General Fund Expenditures – Maintenance Department

Fiscal Year 2022-2023:

Projected actuals of FY23 are 87.4% of the budgeted amount, a difference of \$604K, primarily due to Employee Benefits which would include a portion of the Retiree Health Insurance reimbursement. Additionally, Supplies, Repairs & Maintenance were under budget \$223K due to reduced purchasing in Warehouse Stock.

Fiscal Year 2023-2024:

The FY24 budget is 11.9% or \$497K higher than FY23 projected actuals. This is due to an increase in Employee Benefits and Supplies, Repairs & Maintenance. The increase in Employee Benefits is due to the Retiree Health Insurance Reimbursement in FY23. The increase in Supplies, Repairs and Maintenance is due to the increase in Warehouse Stock and the carryforward of budgeted purchases from FY23 that were not made in FY23.

The FY24 budget is 97.7% of FY23 budget which is \$223K lower than FY23 budget which is reasonable.

Fund Summaries

The following tables provide fiscal year 2023-2024 summaries for funds that have revenues and expenditures. These funds include the General Fund, Wastewater Capital Reserve Fund and Replacement, Rehabilitation and Upgrade Fund. The Emergency and Contingency Reserve Fund does not have expenditures and is summarized in the end of year fund balance table (Table 18).

Fund 10: General Fund Summary

Overall, the projected net position of Fund 10 for FY23 is 2.2M, this is primarily due to an expected increase in revenue of 5.9%, \$1.1M, and an expected reduction in expenditures of 8.7%, \$1.6M, with the largest reduction in Employee Benefits. The reduction is mostly due to the Retiree Health Insurance Premium reimbursement of \$450K, CalPERS Pepra and Classic of \$106K and a reduction of \$84K in Health Insurance Premiums. Additionally, there is an expected overall reduction of projected expenditures in FY23 for Contractual Services, mostly chemical of \$192K; Professional Services, mostly Engineering contractors and legal \$347K and Supplies, Repairs and Maintenance, mostly in Warehouse Stock \$252K.

Overall, the projected net position for Fund 10 for budgeted FY24 is an increase by \$3.7M. This increase is attributed to the increases in Sewer Rate Fees of 30% in FY24. Expenditures are consistent year over year with a general increase due to inflation.

Fund 02: Wastewater Capital Reserve Fund Summary

Overall, the total Agency fiscal year 2023-2024 Wastewater Capital Reserve Fund has a net position decrease of \$1.8M. The largest expense for this fund is the portion of the debt payment allocated to Wastewater Capital Reserve which is projected to be \$2.2M in FY24.

The projected FY24 beginning fund balance is \$19.9M which is sufficient to offset the negative net position. The \$18.1M projected ending fund balance also meets the fund target balance of fifty percent (50%) of the projected five (5) years of the planned budget for the capital improvement projects equaling approximately \$13.0M. The fund balance can be referenced in Table 18.

Fund 06: Replacement, Rehabilitation and Upgrade Fund Summary

Overall, the total Agency fiscal year 2023-2024 Replacement, Rehabilitation and Upgrade Fund net position is a negative \$7.3M, attributed to the proposed capital improvement projects. The largest expenses for this fund comprise of three primary projects which account for \$3.1M of the total. The projects are Building Roof Replacements at \$1.3M, Front Entry Landscape Improvements at \$1.3M and Digestion Improvement Project at \$500K.

It should be noted, the projected beginning balance in the fund is not sufficient to offset the negative net position and requires transfers totaling \$2.2M from Fund 10 and Fund 07 (General Fund and Emergency and Contingency Reserve Fund). The fund will not meet its minimum target fund balance of 50% of the projected 5 years of budget, which equals approximately \$31.9M. A breakdown of the transfer to the fund and projected end of year fund balances are shown in Table 18.

Unfunded Accrued Liability

The Agency participates in the California Public Employees' Retirement System (CalPERS) which includes a plan for Classic and PEPRA (Public Employees' Pension Reform Act) employees. Based on the most recent annual valuation reports prepared by CalPERS, the estimated Unfunded Accrued Liability (UAL) for 06/30/21 is approximately \$14.2M.

The Agency is required to make an annual payment to the UAL of \$1.2M. There is no intention to provide an additional discretionary payment directly to CalPERS as it had in past, however, the Agency will investigate other methods to reduce the UAL. The Agency has various UAL payment options which include participation in the California Employers' Pension Prefunding Trust (CEPPT) Fund program which is a trust fund program dedicated to prefunding employer contributions to defined benefit pension systems; refinancing the UAL through the issuance of bonds; and receiving a low interest rate loan to pay off the UAL. Should any of the options be desired, the Agency will determine the appropriate prefunding or payment schedule. Should the Agency decide to proceed with direct payments to CalPERS, the Agency can determine the appropriate payment schedule at that time.

As there are alternatives that should be researched, the Agency will maintain the minimum UAL payment per the current amortization schedule as prepared by CalPERS. Table 17 identifies the total appropriate amortized payments for the next five (5) fiscal years per the current CalPERS 30-year amortization schedules for Classic and PEPRA employees.

Table 17: CalPERS UAL 5-Year Amortization Schedule Summary

Fiscal Year	Annual Scheduled Payment (\$)
2023-2024	1,144,000
2024-2025	1,520,000
2025-2026	1,590,000

Projected End of Fiscal Year Fund Balances

Table 18 lists the expected fund balances at the end of fiscal year 2023-2024 to include the beginning balance, annual revenue, annual expenditure, applicable UAL payment, end of year balance, fund transfer, adjusted end of year balance, target balance, and target balance position (over/under) for each fund. The total end of year balance of all funds is approximately \$33.8M and the total target balance of all funds is approximately \$60.5M, a difference of approximately \$26.7M under target balance. It should be noted the table values have been rounded.

As noted previously, there will be transfers between the General Fund, Emergency Fund and Replacement, Rehabilitation and Upgrade Fund. In order to ensure 50% of the General Fund budgeted expenditures are covered for the first six months of the year, there will be transfers of \$1.7M to the General Fund from the Emergency Fund and Replacement, Rehabilitation and Upgrade Fund. As the General Fund receives teeter payments (January, May and July of next year), the General Fund will transfer monies to the Replacement, Rehabilitation and Upgrade Fund (RRU) as needed for Fiscal Year 2023-2024 projects. The estimated

amount needed to transfer to the RRU fund, is \$3.8M. The target balance for the Emergency and Contingency Reserve Fund is \$4M, therefore, the surplus will be transferred to the General Fund or the Replacement, Rehabilitation and Upgrade Fund as needed.

As indicated in the table, after the above transfers, there is a shortfall in the Target Balance for the Replacement, Rehabilitation and Upgrade Fund. The shortfall is attributed to the Fund Target Balance set point of “fifty percent (50%) of the projected five years (current, plus four) of the planned budget for the capital improvement projects”.

General Fund Budget Expenditure Summary

Appendix A provides a detailed account of each department’s budgeted expenditures.

Summary

The annual budget for fiscal year 2023-2024 provides detailed operating budgets and capital improvement plans for the Agency in order to meet the waste discharge requirements and provide a high level of service to its customers. As the budget is monitored and more data is collected during the fiscal year, the Agency will be able to better determine department operating and maintenance costs and make financial decisions on its assets accordingly.

With the increases in operational expenditures and the projected CIP projects, the Agency increased Sewer Rate Fees accordingly following the Proposition 218 process. The 5-year rate increases begin in FY24 and continue through to FY28. The rate study and approved increases can be found on the Agency’s website under the transparency tab. Additionally, the Agency will continue the rate study process for Sewer Connection Fees and will also need to look into debt financing for additional funding in the upcoming fiscal years.

RESOLUTION NO. 5-2023

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
TAHOE-TRUCKEE SANITATION AGENCY
REVISING THE WASTEWATER CAPITAL RESERVE FUND BUDGET
AND MAKING RELATED FINDINGS**

WHEREAS, in 2019 and pursuant to the report prepared by HDR, Inc. entitled "Tahoe-Truckee Sanitation Agency Sewer Connection Fee Study", the Tahoe-Truckee Sanitation Agency ("Agency") adopted a combined Scalable and Replacement Cost New methodology for the calculation of connection fees, which essentially determines each user's (existing and new) fair share of the cost of replacing and expanding the Agency's capital facilities;

WHEREAS, pursuant to its ordinances, the Agency collects connection charges from those connecting to the Agency's regional sewer system and from those adding to their existing sewer allocations;

WHEREAS, the connection charge revenue is deposited in the Agency's Wastewater Capital Reserve Fund to be expended for capital facility projects required to be constructed to provide capacity to serve new development within the Agency's boundaries and to maintain a high level of sewer service for the benefit of such new development;

WHEREAS, such capital projects initially were identified in the "Tahoe-Truckee Sanitation Agency Sewer Connection Fee Study", dated March 2019;

WHEREAS, since March of 2019, the "Tahoe-Truckee Sanitation Agency Sewer Connection Fee Study" has been reconsidered and modified, and a new listing of capital facility projects has been developed and is attached hereto as Exhibit A; and

WHEREAS, the Board of Directors of the Agency now desires to make certain findings concerning the purposes for which the Wastewater Capital Reserve Fund will be used and the relationship between such uses and the connection charges which are deposited into said fund.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Tahoe-Truckee Sanitation Agency hereby makes the following findings:

1. The connection charge revenue collected by the Agency is deposited in the Wastewater Capital Reserve Fund. That fund was established to finance capital projects needed to serve new development within the Agency. The current amount in the Wastewater Capital Reserve Fund is approximately \$19.7 million.
2. The currently planned capital facility projects of the Agency and their anticipated date of construction are described in Exhibit A attached hereto and incorporated by this reference.

3. The projects described in Exhibit A are needed or appropriate in order to provide sewage transmission, treatment and disposal capacity to accommodate new development within the Agency's regional sewage system and to continue to maintain a high level of service for the benefit of such new development.
4. The Wastewater Capital Reserve Fund also may be borrowed from or directly used to cover in part uninsured emergency and catastrophic losses to capital facilities, including the sewage treatment plant and interceptor pipelines (facilities which benefit both new and existing development), and other necessary capital facility reserve needs.
5. The Wastewater Capital Reserve fund also shall be used to pay a major portion of the balance due on the 2020 Wastewater Revenue Refunding Bond obtained for the refinancing of the Agency's previous State Revolving Fund loan for the 2008 expansion of the Agency wastewater treatment plant to 9.6 million gallons per day, the principal of which approximates \$13.4 million.
6. The entire balance remaining in the Wastewater Capital Reserve Fund is needed to and is hereby committed to fund the capital facilities, contingencies, reserve needs, and bond payments as set forth in findings 2 to 5 above.

Subject: Approval of Resolution No. 6-2023 to establish appropriations limits for fiscal year 2023-2024.

Background

RESOLUTION NO. 6-2023

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
TAHOE-TRUCKEE SANITATION AGENCY
ESTABLISHING APPROPRIATIONS LIMITS FOR
FISCAL YEAR 2023-2024**

WHEREAS, California Constitution Article XIII B and Government Code Section 7901 require the Agency to calculate and establish appropriations limits for the Agency property tax revenue and other “proceeds of taxes;” and

WHEREAS, the Agency also receives revenue from service charges and connection fees; however, proceeds of taxes subject to the appropriations limit do not include such Agency revenue because the revenue does not exceed the Agency’s reasonable and actual costs in providing sewer service; and

WHEREAS, Government Code Section 7910 requires the Agency to establish the appropriations limit for fiscal year 2023-24 by resolution at a regularly scheduled and noticed meeting; and

WHEREAS, a report has been prepared and filed with the Agency Secretary which contains the calculation of the appropriations limits and which has been available to the public for inspection for at least 15 days prior to the adoption of this resolution.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Tahoe-Truckee Sanitation Agency as follows:

1. The Agency appropriations subject to limitation consist solely of property tax revenue and other “proceeds of taxes.”
2. The appropriations limit for fiscal year 2023-24 based on allowable increases in per capita personal income and change in population is \$4,162,838.
3. The estimated fiscal year 2023-24 expenditures from property tax revenue and other “proceeds of taxes” do not exceed the allowable appropriations limit.
